

BROOM STREET SOFTWARE

“Sweeping Away The Competition...”

Web Portal Solution for Mobile Desk®

Mobile Desk Web Portal provides your customers, supply chain, and internal QAD® users access to the entire Mobile Desk solution via the Internet using any device (PC, iPhone®, iPad®, Android®) and browser combination with full control over what data is seen by each defined Mobile Desk user.

No longer does your customer base or supply chain have to be in the dark regarding business requirements. Streamline your business processes by providing real-time access to your critical business data via the Mobile Desk Web Portal.

Unleash the power of your QAD investment by going mobile!

Examples:

- Customers can check the status of their Sales Orders and submit requests for Orders
- Supply chain can check the status of their Purchase Orders and submit requests for Orders
- QAD users can Order, Plan, Purchase, Approve Requisitions, and Manage Inventory

Web Portal access to entire Mobile Desk Solution:

- Order Desk, Planning Desk, Purchasing Desk, Inventory Desk, Sales Desk

Browser compatibility:

- IE, Chrome, FireFox, Safari

Device compatibility:

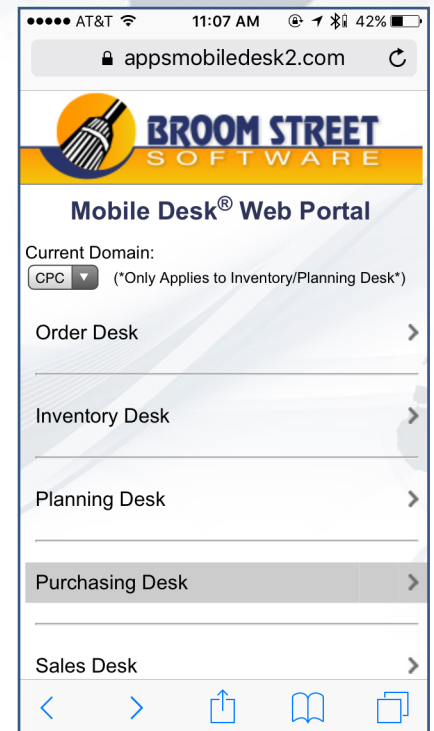

- PC, Mac, Unix, Linux, iPhone and iPad (All versions), Android Phone and Tablets (All versions)

Operating System compatibility:

- Windows (All Versions), Apple (All Versions), Linux, Unix

Security and Access:

- Utilizes SLL (https) certificate for data encryption
- Control which Apps are available on Web Portal by defined Userid
- Access is executed with any browser via URL <https://appsmobiledesk2.com>
