

BROOM STREET SOFTWARE

E-Commerce Shopping Cart

Broom Street Software which develops and licenses our award winning mobile solution Mobile Desk® for QAD® customers just released our E-Commerce Shopping Cart which enhances our existing Order Desk™ solution.

- Shopping Cart fully integrated into all versions of QAD (On Premise / Cloud).
- Provides QAD items and accurate pricing for existing customers and website guests.
- Sales Order creation is completed immediately within your QAD system.
- Connects with your existing Merchant account(s).
- Flexible user experience (UX) configuration is easy to create and maintain.
- Corporate identity for UX Web Portal via supplied corporate media.
- Tracking and Analysis of visitors and shopping patterns.
- Tailored for your corporate business requirements.
- Handling of your E-Commerce needs.
- UX is mobilized.
- Broom Street Software hosting services available.
